Routine Notes

[To be used only for notes requisitions etc not intended for permanent record]

Note by Mr III

4 "The Education Bill as passed by the Legs Council has yet to receive the assent of H.H. the Maharaja before being passed into law, and published in the Gazette. The Copy of the Bill put up herewith, is as finally passed by the Legs Council

5 No order has been passed regarding the application of the Regulation

6 Submit for instructions whether in view of the above circumstances the framing of the rules under the Regn may be taken up now.

Secretary 2/10/13

7 The assent of H.H. will come in due course. We may in the meantime prepare a draft set of rules. The file may be sent unofficially to the Reg for [illegible] draft rules being kindly prepared & sent up

Submd for orders

8/2/111

16-3-14

B.S. = 12 These proposals relate to the introduction of Compulsory elementary education scheme in certain areas The DI proposes to introduce the Elementary Edn Regn in 15 places including the 8 Dr Hd Qrs He calculates that 91 additional schools will have to be opened in these places so as to provide Schools for all the boys that may be Expected to join Schools, the cost of these Schools is estimated at Rs 50 000 + he requests a lump sum provn to be made in the budget

13 These proposals may generally be sanctioned

14 The DI of Edn has also Submitted a Set of rules under the Regn + approval of Govt The rules seem generally suitable, but a few points may be noticed.

(1) In Rule 1 the period of attendance each day is not prescribed, (vide Section 3 of the Regn)

(2) I have made a Slight Verbal

NOTE—Contn sheet

addition to the beginning of Rule 2 to make it clear This may be approved

(3) The classes of persons empowered to grant exemption certificates under Rule 9 appear to be unduly large The exemptions provided in the Regn for non attendance are also large enough & if, in addition to this further powers are added the power to grant exemptions is vested in a large body of persons the very object of the Regn might perhaps be defeated It is a point for consideration whether the power may not be restricted to a fewer classes of persons

(4) Rule 13 seems to be redundant as by Rule 8 (3) a list of all school going boys has to be prepared by the Sch Committee Moreover this duty may well be left to the School Committee

(5) It may be stated that the Govt has not proposed any exemption for particular classes or communities from the operation of the Regn, under Sec 6

the proposals made in Serial 2 Send to Br II for remarks. After receipt from Br II a draft final note may be put up

H Secn 1135 — 27 28/3

CSB 28/3/14

Sub-V The proposal involves an extra expenditure of Rs 50,000 per annum which the Dy C requests may be provided as a lump sum in the coming year's budget

JSM 28/3 CBN JM 30/3/14

V The Dy C wants a sum of Rs 50 000 to be provided in the next year's budget as a lump addition required for bringing into force the Elementary Edn Regn in certain selected localities in the State This is evidently in addition to the sum of one lakh provided in the current year's budget on account of expansion of primary education and is a recurring charge

22 - Under the Triennial Forecast programme the expenditure on education at the beginning of the triennium commencing from 1913-14 was 12 50 lakhs The maximum limit to which recurring expenditure might be increased in this Dept during the triennium has been fixed at 4 10 lakhs so that the total at the end of the triennium cannot exceed 16 lakhs

NOTE—Contn sheet

GPB—60 000—7 11 13

General and Revenue Secretariat | Edn File No 334 of 1913-14

Serial No

23 As per current year's budget the annual recurring expenditure is about 16 57 Lakhs To this was added during the year a sum of ~~Rs~~ nearly 79 000 on account of the reorganization of the grades of masters of Colleges, High Schools, &c In another connection a further recurring expenditure of about Rs 85,000 has been proposed on account of the reorganization of the pay of Anglo Vernacular and Village Elementary School masters If this is also sanctioned the whole recurring expenditure is expected to amount to 16 15 Lakhs leaving only 45 000 for allotment If a further sum of Rs 50 000 is to be provided as a recurring charge, as is now proposed, the recurring expn will exceed the limit laid down in the Triennial Forecast by Rs 5000

How arrived at? What is the figure as per revised triennial forecast? M 16/4

Expld. 13 87 is not correct M 20/4

I think I have noted against the greater part of this M 16/4

24 It will thus be seen that the Triennial Forecast does not admit of further additions to the expenditure on Education as the schemes now under consideration exceed the limit therein laid down

This excess is not much considering that the grants sanctioned are not likely to be fully utilized for some time M 16/4

25 It may also be stated here that there are other important proposals of the Edn Dept in various stages of consideration, viz,

(1) the improvement of female education,

(2) the reorganization of the scale of pay of

NOTE—Contn sheet

GPB—60 000—7 11 13

General and Revenue Secretariat | Edn File No 334 of 1913-14

Serial No 1135

the teachers of the Normal Schools, Technical and other Industrial and Special Schools;
(3) the establishment of a local University,
(4) the establishment of public libraries, and,
(5) increase of primary schools and of grants to aided schools These alone are expected to amount to more than 5 lakhs per annum

26 It will thus be seen that unless the above items are to be given up or the cost in the present case is to be included in the one lakh grant for primary education, it will not be possible to allot more funds for ~~the present~~ educational purposes Consequently it is not possible to support the present proposal

DPI 27 15/11/14

28
1) The DI assumes that the existing schools are full & cannot take in any more pupils. That this is the case is not stated anywhere.
2) For 91 schools more, the DI wants a provision of Rs 50,000. This cannot all be recurring expenditure Atleast half must be the initial cost. This fact has been overlooked in the I D note above.
3) To avoid the possibility of a large lapse, I

NOTE—Contn sheet

GPB—60 000—7 11 13

Serial No

would include a provision of Rs 25 000 in the budget for the object in view. It must be remembered that there will be a separate lumpsum provision (probably 1 lakh) for extension of primary Edn generally & another large grant for school buildings in the ensuing years budget, in which it would be quite justifiable to draw for extending Compulsory Edn in selected areas.

4) The Govt may sanction the proposals to order the inclusion of Rs 25 000 in the budget and give the assurance that if necessary more funds will be placed at the disposal during the year either by reappropriation or by a supplementary grant

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

5-15-8

No 11754 / 614 Enc 2

Bangalore 10th March *1914*

From Rao Bahadur
M SHAMA RAO Esq MA
Inspector General of Education in Mysore

To
C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness
the Maharaja of Mysore Depts of Education & Agriculture
Bangalore

Sir

In continuation of my letter No 11691/611 dated the 9th March 1914 I have the honour to submit that as a first step the Elementary Education Regulation may be brought into operation in the case of boys between the ages of 7 and 11 in a few selected places where the circumstances are favourable for the working of the Scheme especially as regards the co-operation that can be obtained from the local residents in addition to the officers of Government in all Departments In this view the following places appear to afford facilities for the purpose mentioned — Eight District head quarters and the towns of

9	Dodballapur	(Bangalore District)
10	Seringapatam)	(Mysore District)
11	Nanjangud)	
12	Hole-Narsipur	(Hassan District)
13	Davangere	(Chitaldrug District)
14	Maddagiri	(Tumkur District)
15	Chikballapur	(Kolar District)

I accordingly recommend that as required by Section 1(1) of the Elementary Education Regulation these fifteen places may be declared as coming under the operation of the Regulation from the 1st June next

As the number of boys between the ages of 7 and 11 for whom provision has still to be made in the fifteen places named above is about 5 500 a number of additional schools will be needed and to meet this expenditure a lump sum of Rs 50 000/- may be sanctioned, the amount immediately needed being met from before the end of the current/y off the savings in the Budget of this year

I append a list showing the number of schools existing and required in the several places mentioned above together with the number of boys under instruction and of those for whom provision is needed The question of extending the Regulation to the girls also may be considered after some experience is gained

A draft Notification is also appended for the approval of Government and publication in the Official Gazette

I have the honour to be,

Sir,

Your most obedient servant,

M Shanmuga Rao

Inspector General
